

SCORE: A HOCKEY MUSICAL

SYNOPSIS

17-year-old Farley has the stick-handling skills to be the next Sidney Crosby—not that Farley has any idea who that is. His sheltered life consists of being homeschooled by his pacifist parents, hanging out with Eve, the beautiful girl next door, and playing shinny with the local rink rats. However, his idyllic world is turned upside down when he becomes an overnight success in a major hockey league, throwing him into a whirlwind of media hype and endorsement deals. Farley soon learns that there's an ugly side to hockey fame, which not only threatens to compromise his values, but his relationship with Eve.
