

MARK OF KANE

Kane is a force of nature. Walking out of the desert into the dying town of Tuskett, which only 23 people still call home, he has only one purpose: to kill every resident. Soon the surviving townspeople must band together to fight this seemingly-unstoppable evil, or die trying. Brutal, action-packed and most importantly, character-driven, MARK OF KANE is a thrilling story of survival at any cost. Adapted from the novel by bestselling-author Michael Prescott (originally published under the name Douglas Borton).
